SELÇUK DEMİREL

Selçuk Demirel, 1954'de Artvin'de doğdu. Radyolardan, ekranlardan, apartman kapıcı bodrumlarından ihbarın sokaklara, karanlık odalara döküldüğü yılların 1973'ünde Selçuk, öncesiz ama sonralı bir serüvene girdi: Karikatür...

İlk karikatürünü 1973'de yayınladı. 1974'de mimarlık eğitimine başladı. Aynı yıl Ankara'da üç arkadaşıyla birlikte açık hava sergisini, 1975'de "Akla-Kara I" adlı ilk kişisel sergisini açtı. Aynı adı taşıyan 15 karikatürü basıldı. 1975'de Yeraltı Maden-İş Sendikası'na kuruluş aşamasında katıldı ve Basın-Yayın ve Araştırma Sekreterliğine getirildi. Sendikanın sürekli gazetesini baştan sona karikatürleriyle bezedi. Karikatürü yeraltının ölümcül dehlizlerine soktu... Çileli maden işçileriyle çizgili güzel bir dostluk kurdu.

Demokrat, yurtsever ve devrimci kesimin irili ufaklı sayısız yayın organında, toplumsal düşünceleri çizgilerle anlattı. Bu süreçte çizgisi, başladığı yerden güzel uzaklıklara gidiverdi... Çizgisi, "Yürek, Bilek, Beyin" üçgeninde dışlaştı. Onun içindir ki, bir sergisinin de adı oldu bu üçgen... Tüm gerici ve faşist güçlere karşı mücadeleyi solukladı. Bu soluk çizgisinde sihirli bir kan gibi devinip durdu.

1978'de Paris'e gitti Selçuk Demirel. Paris (Beaux-Arts) G.S.A.'nin sınavlarını kazandı. Fransa'nın Tarbes kentinde "Nazım Hikmet Bayramı" nda "Nazım'a Saygı" adıyla afiş ve karikatür sergisi açtı. Bir iki dergide karikatürlerini yayımlama olanağı buldu.

Selçuk Demirel, çizgiyi bir mücadele aracı olarak kullanabilmiş, kitleleşmiş bir çizgi eridir.

Selçuk, Paris ve batı çizgi kültürü içinde zenginleşecek, güzelleşecek kuşağının en önemli ustalarından biri olacak mutlaka...

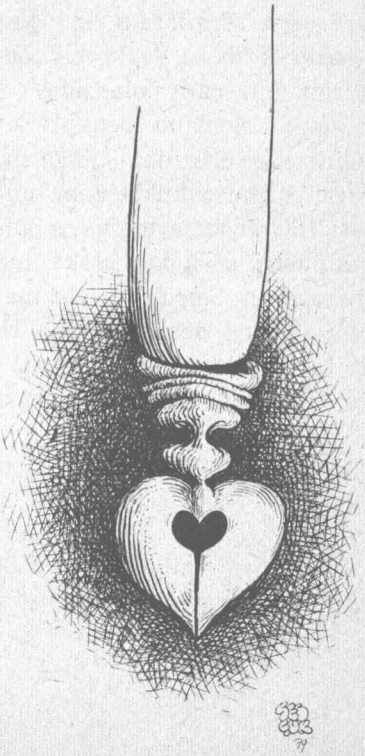
SELÇUK DEMİREL'in karikatürleri

Selçuk Demirel için ne demeli? Nasıl anlatmalı karikatürlerini? Uluslararası karikatür dünyasındaki yerini nasıl saptamalı?

Genellikle şöyle bir gelenek vardır: Nedense toplumcu karikatürcüler biraz sert karikatür çizerler. Toplumun kötü yanlarını, çelişkilerini vurgularlar. Düşündürücü mesajlar verirler. Çoğu kez dayak yemiş gibi olursunuz. Çok çok acı bir gülümseme belirir dudaklarınızda. Sonra da kara kara düşünür durursunuz..

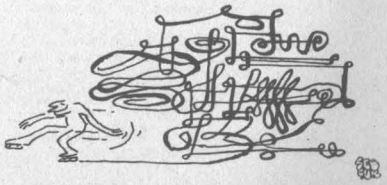
Selçuk öyle yapmıyor. Çizgileri sevimli. Resim yapar gibi karikatür çizmesini biliyor. Hem çok iyi bir desinatör, hem de çok iyi bir sanatçı. Karikatürleri hiç zorlanmadan, kolaylıkla çizilmiş izlenimini veriyor. Büyük bir akıcılık var çizgilerinde. Basit çizgilerle çok şey anlatmasını biliyor.



Çağımızın karikatür anlayışına uygun olarak yazısız karikatür yapıyor. Tüm mesajı çizgilerinde. Ama bazen karikatürün içine bir şiir veya bir slogan da sokuşturuyor, o kadar.

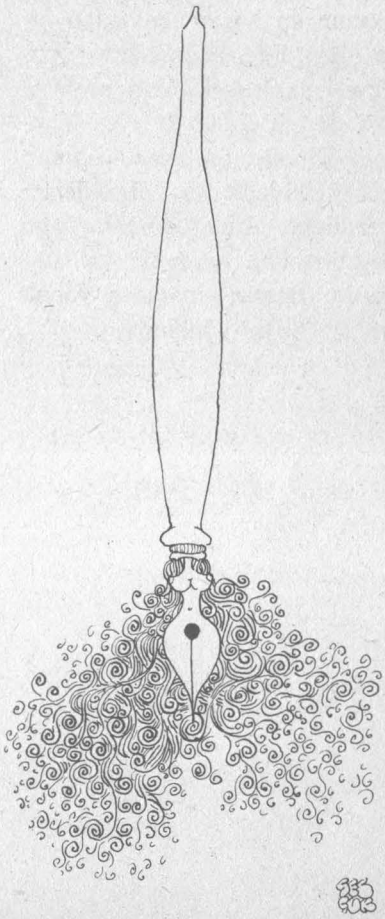
Selçuk'un bir başarısı da gazetecilikten gelmemiş olmasında galiba. Selçuk mesleksel zorunluklara uymadan, karikatürünü yazı işleri müdürüne beğendirme endişesi olmadan hazırlıyor. Afiş olsun, posta kartı, takvim, poster olsun veya sergilensin diye karikatür çiziyor. Öyle bir özgürlük var çalışmalarında.

Nedir Selçuk'un mesajı? Sömürü simgelerinin, jopların, cezaevi parmaklıklarının, güleryüzlü çocukların, barış güvercinleri ardında elbette bir mesajı var Selçuk'un. Bu mesaj, sömürü düzeninin yıkıldığı bir dünyaya, barışa, eşitliğe, özgürlüğe ve sosyalizme



uzanıyor. Onun zoru Demirel'le, Türkeş'le, Ecevit'le değil, tüm insanlığın büyük sorunlarıyla. Bu yüzden de her ülkede, her toplumda kolaylıkla anlaşılabiliyor.

Nereden geliyor Selçuk? Çizgileri kimlerden esinlenmiş? Kendimizi çok zorlarsak birşeyler bulabiliriz. Elbette Selçuk dünyanın bugün karikatürde vardığı düzeyin bir sonucudur. Böyle olması da çok doğal değil mi? Selçuk başka dünyalarda yaşamıyor ki? Ama iyi ki Selçuk toplumcu karikatürün büyük ustalarından esinlenmeye kalkmamış. İyi ki bir George Grosz, bir Heine, bir Neuz, bir Tim olmaya yönelmemiş. Selçuk'un çizgilerindeki çocuksu neşeyi galiba bir Jean Effel'in karikatürlerinde görüyoruz, ama ikisinin çizgileri arasında hiçbir benzerlik yok. Selçuk bütün bu ustaların karikatürlerini çok iyi



incelemiş, belli.

Selçuk'un çizgileri Türk folklor gelenekleriyle, dinsel yazı sanatı ile, Cemal Nadir'lerle, Ramiz'lerle hiçbir ilişkisi olmayan bir çizgi türü. Ferruh'un bir çok karikatürlerinde, çocuklar için çizdiği desenlerde bu tür bir çoşku ve mizah havasını çok gördük. Feruh bu akımın en iyi öncülerinden biri oldu, Ferruh Doğan, Tonguç, Tan Oral, Oğuz Aral, Mıstık, Semih Balcıoğlu, ve Mehmet Sönmez de zaman zaman bu türün çok iyi örneklerini verdiler. Ama Selçuk tüm dostlarından ayrı bir yol tutturdu. Başka amaçlara yöneldi. İyi ki de yönelmiş.
